

Lycotene® Lycopene

A New Lycopene Innovation Like No Other

Founded in 2001, Allied Biotech is one of the major carotenoid suppliers in the world. We have always been known for our flexibility and responsiveness to our customers' needs. Allied offers various vegetarian, Palm-Oil free and allergen free formulations for food, dietary supplement, pet food and feed industries. We strive for product innovation and take great care of the environment and human health.

About Products

Lycopene belongs to the carotenoid family and offers a range of red shades. It is found mainly in tomato, grapefruit, watermelon and pink guava.

Lycopene is a powerful carotenoid quencher of singlet oxygen, being 100 times more efficient than Vitamin E in test tube studies.

We support a wide range of applications!

Lycotene® Powder

This powder formulation has been developed to impart shades of fine red colors as a nutrient for food, dietary supplement and pharmaceutical products.

Lycotene® Suspension

Lycopene crystals are finely dispersed in vegetable oil. It is mainly used in soft gel capsules. It can also be used in oil/fat-based applications as nutrient or natural food color.

Lycotene® Emulsion

It is oil-in-water emulsion which is animal-free and palm oil-free. Our emulsion has excellent stability in any water-based food applications yielding bright appealing red color shade.

Lycotene® Tablet Grade

The product can be used in premixes, multivitamins and other dietary supplements.
